Scope: This specification defines the technical requirements for heel grounders under the brand Techni-Pro. If not otherwise specified, the grounding snap should meet or exceed the requirements of ANSI ESD-S20.20 and ESDA Standard 1.1-2006

Applications:

Toe grounders provide a path-to-ground for operators that must be mobile. Operators should wear two toe grounders, one for each foot and be used in conjunction with an anti-static floor or mat.
